### **PRESS RELEASE**

#### **ATTIC lauds Minister's implementation of Online Vehicle Registration Database**

The Association of Trinidad & Tobago Insurance Companies (ATTIC) commends Senator the Honourable Rohan Sinanan - Minister of Works and Transport on the recent implementation of an online vehicle registration database, which it considers to be a step in the right direction. This development should greatly assist towards the regularization of the motor industry practices in Trinidad and Tobago.

ATTIC foresees many positives associated with the move such as: -

- Transparency in the vehicle registration process
- Addressing the issue of unregistered vehicles
- Greater assistance to the public, the Trinidad and Tobago Police Service (TTPS), and insurers in the instance of hit and run accidents
- Assisting in the discovery of uninsured vehicles when reconciled with the insurance industry databases
- Providing benefits to insurers and police to aid in enforcing motor insurance use
- Forming the basis for a shared network with the TTPS and insurance industry, and
- Laying the foundation to combating incidents of counterfeit insurance certificates and motor vehicle larceny

We also view this initiative as laying the groundwork for compliance with all traffic laws as it would provide great assistance to the TTPS and licensing officers in the enforcement of existing and future laws.

For further information on insurance related topics and subjects, please contact your insurance company or visit the ATTIC's website at [www.attic.org.tt](http://www.attic.org.tt)
